Education is all about teachers making a connection with students.

OCTOBER, 2021

CHILDREN'S AND TEACHERS' DAY RECAP

Year 3 Newsletter

A LOOK INSIDE:

- **October 1, 2021: Virtual Children's Day**
- **October 6, 2021: Virtual Teachers' Day**

For Children's day, the kids were asked to craft a paper plate mask for themselves to wear for the party, given prior instructions.

Then the celebration began with a message from the Principal and the Head of the department.

Later, we played a Virtual game and played a song for them to dance to. They were delighted to be a part of it.

Following this, the kids dedicated their wishes to all teachers through their unique performances on Teachers' day, which was recorded and added to our memory lane.

**WHAT A GREAT START WE
HAD THIS ACADEMIC
YEAR!**

MEET OUR CHAMPS

YEAR 4 - ENGLISH

It has been an interesting number of weeks in Year 4, as we have been learning and growing together.

In comprehension the students have been learning about Inference which will help them out to write answers in comprehension passages by reasoning and giving necessary evidence.

This was helpful for many students to develop their style in writing answers such as adding more detailing and making sure it is in full sentences.

During the class we did a fun activity where they had to listen to the instructions and draw the picture as described. Which helped them out to improve in listening skills and following the relevant instructions.

EVERY DAY IS A CHANCE TO LEARN SOMETHING NEW!

YEAR 5

CIS celebrated the 39th birthday by making cards and sharing some good memories we had at school.

*Happy 39th Birthday
Columbia International School*

We Celebrated the International Children's day 2021 On the 1st of October. Year 5 children had an awesome time sharing their talents, craft work, paints and even watching videos and magic shows.

In addition to that the children had some extra fun making a stress ball and getting a little messy on zoom on that day.

It was a great morning to remember

YEAR 6 ACTIVITY DAY CHARACTER PRESENTATIONS

It was with much enthusiasm and excitement that the Year sixes took to their screens on the 8th of October; the day set apart for presenting their own unique characters. The students were instructed to create a funny or scary character, using descriptive language and figures of speech, with a view to reinforcing the various literary devices learnt by them.

They presented their characters across a wide range of genres from fantasy to horror to science fiction to mystery. The students set their screens ablaze with their varied character presentations of exotic Mayan queens to warriors from the depth of the Amazon. They thoroughly enjoyed the humorous and tongue twisting characters presented by their friends using alliteration and hyperbole among other literary tools.

The day proved to be a soaring success and was concluded with the students naming their favourite characters from among those presented by their friends. All in all, it was indeed a welcoming breath of fresh air to break the monotony of online learning.
