HONG KONG INTERNATIONAL COMPUTING OLYMPIAD

Huge congratulations to Tashya and Jennelle Fernando of Year 10, who won Silver and Gold awards respectively at Hong Kong International Computational Olympiad final.

The Hong Kong International Computing Olympiad is an annual computing competition which tests students' abilities in the main programming languages including Scratch, Blockly, Java, C++ and Python. The girls used Python in the competition.

Jennelle's score was 108 (global ranking 10) and Tashya's 90 (global ranking 24).

Very well done girls!
