

SLMUN 2022

A COMMENDABLE PERFORMANCE

The fifteenth session of the Sri Lanka Model United Nations 2022 Conference (SLMUN 2022) was held at the BMICH on the 17th and 18th September 2022.

This year's conference consisted of the largest number of delegates at an MUN Conference in Sri Lanka, with over 700 delegates attending from schools all over the country.

The CIS delegation was truly a diverse, well-rounded and hard-working group of young students, with representatives from grades 8 to 13 taking part. For many delegates and IPC members it was their very first conference, giving them an exciting experience of the world of MUN, diplomacy and debate. In their committees, the CIS delegates debated with much vigour; presented solutions to various world problems; lobbied with other delegates and managed to tenaciously hold their own against the competition.

The vast experience and skill of the CIS MUN Society's President, Chethye Karunasena, and Secretary, Varshan Dayapathy, were remarkable as they were selected to be the Vice-President of the World Health Organization and the Vice-President of the Futuristic Security Council respectively - particular congratulations to them on this significant achievement.

The following students were participants of the CIS delegation :
