

## CIS STUDENTS ACHIEVE REMARKABLE SUCCESS AT THE HIGHEST LEVEL IN EDEXCEL (UK) EXAMS

Colombo International School finds itself at the forefront of international education in Sri Lanka once again after securing another set of exceptional IGCSE and IAL results in the recent examination series. Despite a challenging few years, the commitment, dedication and passion of our staff and students were evident in the admirable results achieved, that enable CIS alumni to be recognised among the most able students across the globe.

At IGCSE, 60% of all CIS students' grades were 8 or 9 (The equivalent of an A\*). Furthermore, thirteen of our students were awarded grade 9 in all subjects: congratulations to Rathusha Nimalan, Oneli Rajapakse, Raiyah Hamza, Leenah Wahab, Ammar Caderbhoy, Anik De Silva, Prabashi Jayamanne, Dilenya Ellawala, Saveesha Hettiarachchi, Chethye Karunasena, Kaushi Lanka Geeganage, Simran Silva, and Aizah Shakir.

**Kaushi Lanka**

**Simran Silva**

**Aizah Shakir**

Meanwhile at AS Level, our newly appointed Head of School, Thisen Perera, received a perfect score of 1400 marks out of 1400 marks with A grades in AS Physics, Chemistry and Economics, and an A\* in A2 Mathematics.

**Thisen Perera**

Congratulations also go to the 43 students who obtained 4 A grades at AS Level. Overall, this batch took home a most impressive set of results. 60% of all results were A grades.

After thorough coaching and guidance from our team of dedicated university counsellors, this batch leave us for the next stage of their academic journey, travelling across the globe to prestigious institutions such as Cambridge University, the University of Sydney and the University of California. We are particularly proud that several students have been awarded scholarships for their higher studies: Jivantha Fernando has been awarded a scholarship to study Economics and Finance at Penn State; Ayush Ravichandran was awarded the Chancellor's Award Scholarship at University of Wisconsin to study Computer Science; Theaswanth Ganesh and Ruqaiya Farook both received scholarships from the University of Toronto to study Materials Engineering and Law, Ethics and Society respectively and Abdullah Mohamed Fouzudeen has been awarded a scholarship at University of British Columbia to read Mathematical and Physical Sciences.

We are now eagerly looking forward to the Edexcel World and Sri Lankan prize giving ceremony, at which we are confident that our group of brilliant students will gain well-deserved recognition.

**Congratulations once again to all staff and students!**
